THE TRUTH ABOUT THE HUMAN CONDITION

THE EXPERIMENT - 2ND ACT

The 2nd act is the experiment to test how one should live their life.

The two beliefs are like two different hypothesis which pile up evidence in their favor - until only one remains.

CORE BELIEF

The no. 1 priority in life is:

OPPOSITE BELIEF

The no. 1 priority in life is:

Think in terms of sacrifice.

Living one life means giving up countless others. At the heart of belief lies sacrifice.

What is this belief willing to lose in order to survive? What must die so this life can continue on?
